

PACKAGE LEAFLET: Information for the patient

UJE PER INJEKSION

Solvent for parenteral use

(Water for injection)

Read this leaflet carefully before you start using this medicine.

- Keep this leaflet. You may need to read it again.
- If you have any further questions, ask your doctor or pharmacist.
- This medicine has been prescribed for you only. Do not pass it on to others. It may harm them, even if their signs of illness are the same as yours.
- If you notice any side effects not listed in this leaflet, please tell your doctor or pharmacist.

In this leaflet:

1. What Uje per injeksion is and what it is used for
2. Before you use Uje per injeksion
3. How to use Uje per injeksion
4. Possible side effects
5. How to store Uje per injeksion
6. Other information

1. WHAT UJE PER INJEKSION IS AND WHAT IT IS USED FOR

Water for injection is a pure chemical substance, sterile and non-pyrogenic. Water for injection is used as a solvent for the preparation of solutions for injection, by dissolving solid formulations (lyophilized powder or tablet), packed in ampoules or small bottles (vials), where their sterility is ensured.

2. BEFORE YOU USE UJE PER INJEKSION

Take special care with Uje per injeksion

Ask your doctor before using Uje per injeksion.

ATTENTION: Uje per injeksion is hypotonic and hemolytic and should not be injected without first carrying out its isotonization with the appropriate solutions.

Taking other medicines

Please contact your doctor or pharmacist if you are taking or have recently taken other medicines, including those without prescription.

Pregnancy and breastfeeding

Ask your pharmacist or doctor for advice before using this medicine.

Driving and using machines

It is not expected that this preparation will affect the ability to drive and use machines.

3. HOW TO USE UJE PER INJEKSION

The amount of water for injection required for the dissolution of different medicines depends on the type of medicine, the dosage and the way of use.

4. POSSIBLE SIDE EFFECTS

No side effects are known.

5. HOW TO STORE UJE PER INJEKSION

Store in a dry and cool place, below 25°C!

Do not freeze.

Keep out of the reach and sight of children. The medicine can harm them.
